CP06-54-000

Dear Ms. Salas

I am writing this letter to express my opposition to the placement of a liquefied natural gas storage terminal in the middle of the already ecologically compromised, vulnerable Long Island Sound. I am most concerned about the environmental impact and its target for terrorism. I am also concerned about the local share of cost to protect this facility. I have weighed out the benefits and costs, and it appears that this is a no-brainer.

I hope you will support my position and vote against the Broadwater terminal proposal.

Most Sincerely,

Herb Cohen
